NEW EMPLOYEE ORIENTATION: SONAL SHETH

Hello. My name is Sonal Sheth and I have been with Northern Trust for 10 years.

I started my career at Northern Trust in 1998 in the Valuation Reporting group within Worldwide Operations. I spent two years with this group before moving to Corporate and Institutional services as an Account Manager for Large Corporate clients. I worked within this group for five years before moving to our London office.

In London, I assisted with the launch of our Cross Border Pooling product with one of our largest multinationals. I worked closely with partners across the organization on this project. After that project was complete, I continued to stay on in London as a Global Account Manager.

Currently I manage a group of pooling and multinational account managers for the EMEA Business Segment.

Being a Northern Trust employee has provided me with so many opportunities. In 2004, Northern Trust sent me to London for four months on an assignment in client services and then in 2007, I was sent to Singapore for three months. I have worked with a variety of different clients and individuals along the way. I feel that Northern Trust has provided me with the opportunity to develop and grow, and has proven this by sending me to various locations to assist with projects.

I feel grateful to be part of a company that is widely respected for its core values. Being a part of the Northern Trust team is something to be proud of!
